

Mosaic Workshops for Key Stage 3 With Joanna Dewfall.

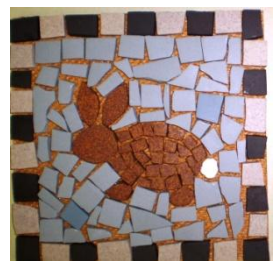

In a half day workshop groups of up to 30 pupils can learn the practical skills of mosaic making and create a unique and durable mosaic tile.

History topics such as Roman, Greek or Ancient Civilisation can be used as creative stimulus for detailed designs in beautiful porcelain mosaic.

Workshop themes are flexible and can form the basis of a cross-curricular project.

Cost: from £5 per head (grout and instructions supplied).

Samples shown were made by Year 7 at South Wilts Grammar School, Salisbury.
