

Roman Mosaic Workshop

During the workshop pupils learn the practical skills to create a unique heatproof mosaic coaster with beautiful porcelain tiles.

This workshop has Cross Curricular elements such as **Maths**: sequencing colours for pattern design, **History**: embeds Roman topic and **DT**: practical skills of cutting, manipulating and understanding the materials used.

Also ideal as a **Family Learning Workshop**.

Other themed workshops available e.g. Infants at Fynamore Primary School made 'Flower Power' tiles to support their 1960's history topic.

A half day workshop with one class costs £85 plus a £1 a head to cover materials. Travel expenses may apply.

The workshop leader, Joanna Dewfall, has 20 years experience of running mosaic workshops in schools. Joanna has a CRB check, and Public Liability Insurance.
